Tim - I explored interest in being on your advisory board with our Minnesota based development teams. While there is interest, there is a travel consideration that has come up. Is your board willing to have a member attend via audio or video conference?

Brian,

I understand. I did not give you much time. I do appreciate you trying.

Our next meeting will be in February. We schedule a meeting each school semester. We also get email/phone calls/visits outside the meeting from individuals and groups to improve our offerings.

Thank you for asking,

Tim

Brian,

Our address is 1900 28th Ave South, Moorhead. We are next to the second exit from the river on the north side. Our sign is on Interstate 94.

I too easily forget to add that part. Does this help?

Tim

Tim and Deb - While we are still surveying our development team, we believe we will have someone interested in being on the advisory board. However, it appears that person likely will not be identified in time for the September 30 meeting.

If not, and someone is able to attend Tuesday, where will the meeting be held?

Brian,

Your assumption is correct. Right now, the meeting is setup as an in person meeting. Your suggestion/request along with another request will have us work on to the chair of our committee about how this could be setup.

In the meantime, we are interested in your or others at US Bank comments on our programs. We are willing to make arrangements to listen to your comment

This is not really the answer you wanted, but it is the best we have right now.

Thank you,

Tim

Tim - I assume you are requesting an advisory board member to meet in person. However, to facilitate the fast approaching September meeting, would a participant be able to call into the meeting?

Brian,

Deb Flakerud forward an email you sent her early this month about MSCTC teaching COBOL. In the email, you had asked about our advisory board.

I maintain a list of people interested in attending our advisory meeting. For most people, the responsibility is come to the meetings when possible or otherwise. It will be a year or two, then we will elect a new chair. The chair runs the meetings, helps design the agenda, and helps set the meeting date. Should you or I be available, I have a copy of the invitation for you below.

Please contact me with any questions you might have about our advisory board.

Thank you,

Tim

Information Technology Advisory Meeting
 Fall 2014 Invitation

Dear Brian,

The Information Technology faculty at M State (Minnesota State Community and Technical College) invites you to our advisory meeting. The meeting is **September 30, 2014 @ 6:30 pm in room 101**. Please contact us if you wish to have a campus map with the room numbers.

The Advisory Meeting consists of Information Technology professionals guiding the curriculum and instructional direction of our Information Technology programs. Our current program offerings include Information Technology ? AS, and Network Technology and Security. Please contact us if you wish to have a copy of any or all of our curriculum offerings.

We very much need your input to our programs. We would be grateful for a reply to this invitation, so we may accurately plan enough food for the meeting. You may extend this to other professionals who may improve our curriculum and instruction. The meeting agenda is below and with additional information at <http://brazil.minnesota.edu/advisory/advisory.html>.

We look forward to seeing you.

Yours,

Minnesota State Community and Technical College Information Technology Faculty

Chris Goltz, Computer Programming Instructor, Chris.Goltz@minnesota.edu
 Deb Flakerud, Computer Programming Instructor, Deb.Flakerud@minnesota.edu
 Dave Hjalmsquist, Computer Programming Instructor, Dave.Hjalmsquist@minnesota.edu
 Randy Johnson, Information Technology Instructor, Randall.Johnson@minnesota.edu
 Tim Preuss, Information Technology Instructor, Tim.Preuss@minnesota.edu

Agenda for Fall 2014

- MSCTC welcome
- Introductions
- Review/Revision/Approval of last meetings minutes
- Membership list additions and/or removals
- Updates from last meeting
 - Robotics class name still needs changing
- Enrollment/Recruiting
- Computer Programming Change Requests
 - Deb Flakerud/Chris Goltz/Dave Hjalmsquist
- Computer Security Certificate Change Requests
 - Linux Course
 - Emerging Topics Course
 - Eric Wilkens
- Information Technology ? AS
 - Math Requirements
- Network Administration and Security Questions
 - Tim needs to check the feelings of the group toward the recent AAS changes. Any changes need to be coordinated with faculty and advisory committee at Wadena.
 - The question for the group is what would the ideal AAS degree (two years of school, then work) should be for this group? Currently two year programs are limited to 60 credits, with some exceptions.
- Discussion: Identify current and future trends/technologies
 - Topics, concerns and ideas committee members wish to communicate to MSCTC
 - Student recruiting
 - Informatics status update
 - IEEE Top 23 Technologies for 2022

This is the short agenda version. The long version has more details about discussion options is at <http://brazil.minnesota.edu/advisory/advisory.html>.

Advisory Member Functions (MSCTC Advisory Committee Guide)

- Identify specific subject areas of program inclusion
- Prioritizing the recommend subject areas
- Specifying appropriate program content level
- Reviewing program outcomes on an ongoing basis
- Assessment of program quality
- Specifying appropriate foundational skill standards for local needs
- Identifying general education and related technical skills needed by graduates
- Recommending equipment to support the program content
