Subject: Re: Data Request

Hi Tim,

I will work on trying to get this together and I have put it on my to-do list. I will let you know if I have any questions or clarifications needed once I get started. Thanks!

Steve

Mr.Erickson,

It is my understanding you are the person we contact for data. If you are not, I would appreciate any help in pointing me in the correct direction.

The Computer Programming/Information Technology Advisory Group requested some information for the spring meeting. The advisory group wishes to discuss recruiting and other strategies at the spring meeting. I have tried to find the information, but my data hunting skills are not up to the task. I would appreciate the following data.

- What are the number of new starting students per semester for each semester since Fall 2003 semester in each program?
- What is the average number of credits taken by students for each semester since Fall2003 semester in each program?
- What is the number of graduates for each semester since Fall 2003 in each program?
- What is the number of graduates for each semester since Fall 2003 in each program that transferred to a 4 year program? If possible, identify the receiving institution.

Programs

CISCO Networking-Certificate (I640)

CISCO Networking-Certificate (W640)

Computer Information Systems-Diploma (M690)

Computer Network Security - AAS (D490)

Computer Programming - AAS (I165)

Computer Programming - AAS (M165)

IT Systems Support - AAS (I566)

IT Systems Support-Cert (I610)

IT Systems Support-Diploma (D568)

Information Technology - Diploma (M647)

Information Technology-AS (M645)
Information Technology-AAS (M649)
Network Administration & Security - AAS (M416)
Network Technology Administration (I416)
Network Security-Certificate (D492):
Network Security-Certificate (I492):
Web Development - Diploma (I330)
Web Development - AAS (I325)
Web Development-Certificate (I333)
Web Development-Diploma (D330)

Thank you,

Tim
